

# BIG SAN DIEGO COUNTY FAIR OPENS TOMORROW AND IT'S LAKESIDE DAY

## THE LAKESIDE FARMER

VOLUME IV NO. 1

LAKESIDE, SAN DIEGO COUNTY, CALIFORNIA

FRIDAY, JUNE 30, 1939

### RODEO ON JULY 2ND. AND 4TH. WILL PROVIDE MANY THRILLS

#### BOARD NAMES KINDERGARTEN TEACHER

##### NEW LAKESIDE APPOINTEE HOLDS HIGHEST RANK

Mrs. Julia Trigg Stewart was elected by the Board of Trustees of Lakeside Union School as kindergarten teacher for the ensuing year, at their meeting last Thursday evening.

Mrs. Stewart came to this community about a year ago, and purchased property in the Riverview heights area, where she is just completing a beautiful modern home. She is from Lexington, Kentucky, where she was engaged in school work for several years. She holds a certificate of the highest rank issued by the State of Kentucky, and since coming here she has secured the necessary credentials for her work in this district.

##### NEW VENTURE IN LAKESIDE SCHOOLS

The kindergarten is a new venture in the Lakeside schools and it is believed that it will receive sufficient popular support to make it a permanent part of our excellent school system. The members of the Board of Trustees who were present when the pre-first grade was added were very enthusiastic about the opportunity that it will afford to the parents of the district; but they feel, at the same time, that close co-operation is needed to keep the average daily attendance up to a satisfactory point. It is not out of place at this time to say that these gentlemen who are giving so much time and effort to the success and constant improvement of our educational set-up, deserve a voice of hearty approval from the citizens of our community. They are: John B. Wilkinson, president; Otis Barker, clerk; Dr. M. N. Carlile, Ira M. Condon and Harold B. Laws.

#### Married Women For Ball Team

Married women who want to join a night softball team are invited to write name and address and the night they prefer to play to Box 11, Lakeside or call at the Farmer office.

#### LAKESIDERS ARE REQUESTED TO FILL OUT QUESTIONNAIRE

Workers for better transportation for El Cajon Valley and vicinity are anxious to get the views of the Lakeside people. A Weinstock, chairman of the committee in charge of the campaign, recently stated that their plan is for extension of bus service on a loop route covering El Cajon, Santee Lakeside and Bostonia and improved schedule on the San Diego-El Cajon leg. How many in Lakeside would use such a bus service? To get an idea on the subject you are asked to answer the following questions and return to the El Cajon Chamber of Commerce, Mrs. Stella Stafford secretary, 150 East Main street:

1. Would you ride on a stage line if the schedule and rate to San Diego met your requirements?
2. How far would you go to a bus stop?
3. Are you employed in San Diego?
4. What time do you now leave for San Diego?
5. What time do you now leave San Diego to return home?
6. How often do you now go to San Diego?
7. Do you own a car?
8. How many members in your family?
9. How many members in your family would use a bus line, and how often?

Name .....  
Address .....

#### EXCELLENT EXHIBITS AND EXCITING ENTERTAINMENT AT DEL MAR SHOW

When Lakeside people go to the San Diego County Fair which opens at Del Mar Saturday, July 1 at 10 a.m., they will see the biggest all around show this district has had in years, declares Manager W. F. Tunney. And what is more Saturday has been designated as Lakeside Day.

The fair will open at 10 a.m. tomorrow and its exhibits and thrilling entertainment will continue through four days, closing on Tuesday, the racing Fourth. A large turnout from this district is expected tomorrow by the management.

"We have left no stone unturned in our efforts to give to the people a Fair which they will be proud of," stated Manager Tunney yesterday. "We have enough entries in all departments right now to fill every building on the grounds to capacity. These exhibits represent a complete cross-section of San Diego County. We have engaged the very best professional entertainment. Young and old alike - we can promise you something to see and something to do - a day crowded with fun and educational value for all."

No Fair would be complete without its carnival zone and race-track activities. This

#### REPRESENTS LAKESIDE ON FAIR COMMITTEE

Aiding to make the San Diego County Fair at Del Mar the success it deserves to be are well known Lakeside people. Mrs. R. D. Beal and John Boffie both of Lakeside and Hugh Good of Santee were selected by the San Diego County Fair Bureau to cooperate as members of the local advisory committee. Wm. Wollin, John Wilkinson and Bob Swearingin were appointed by President Allen G. Mitchell of the Chamber of Commerce to provide local representation. Mr. Swearingin however had to go east.

Mrs. Beal has received word from Manager Tunney that the products of San Diego county, from seaboard, plain and mountain, will be on parade at Del Mar July 1 to 4 inclusive.

##### MILK PRODUCERS

James Ballantyne of Santee was elected vice president of the Milk Producers association of San Diego county at its meeting last week. Bruce Dye of Ramona is president.

year the Fair will be bigger and better in both these departments. In the midway there will be Ferris wheels, merry-go-rounds, shooting galleries, loop-de-loops - a hundred and one different things to fill the hours when not looking at the thousands of exhibits, or sitting in the main grandstand watching the professional stage acts or thrilling to the races.

Among the special features there will be a championship spelling bee, a "Know Your San Diego" contest, steeplechases and other attractions. Monday will be children's day. (See elsewhere on this page for notice of transportation of school children.) The largest display of fireworks ever given in the county will feature the evening entertainment.

To sum up, in the words of Manager Tunney: There will be all things for all people. Its a big fair; go and enjoy it. The dates are July 1st, 2nd, 3rd and the glorious 4th.

#### Will Take Children To County Fair In School Buses

Arrangements have been completed for the transportation of all pupils of the Lakeside Union School to the County Fair at Del Mar next Monday, July 3. Admission tickets are already here for distribution. Those who go on school buses can get tickets on the bus. Other enrolled children of the school, who go with their parents, may get tickets from Mrs. B. J. Conrad anytime this week, or Monday morning.

Buses will be driven by Earl Flack and Robert Darrough, and they will make their regular runs as on school days, as far as practicable for one trip on the route in the morning and the afternoon, the time of the run being about the same time as on school days. Those who do not live on these bus lines may meet the bus at any stop, or come to the old school building. Buses will start from this recreation building about nine a.m. They will return from the Fair at 2:30, arriving here about 4 o'clock. Only regularly enrolled Lakeside School children and two chaperones for each bus will be eligible to make the trip, District Superintendent Canderer states.

#### Recreation Center Has fine Program

A really useful activity of which full advantage should be taken is the Recreation Center at the old school grounds which is open from 9 a.m. to 5 p.m. daily.

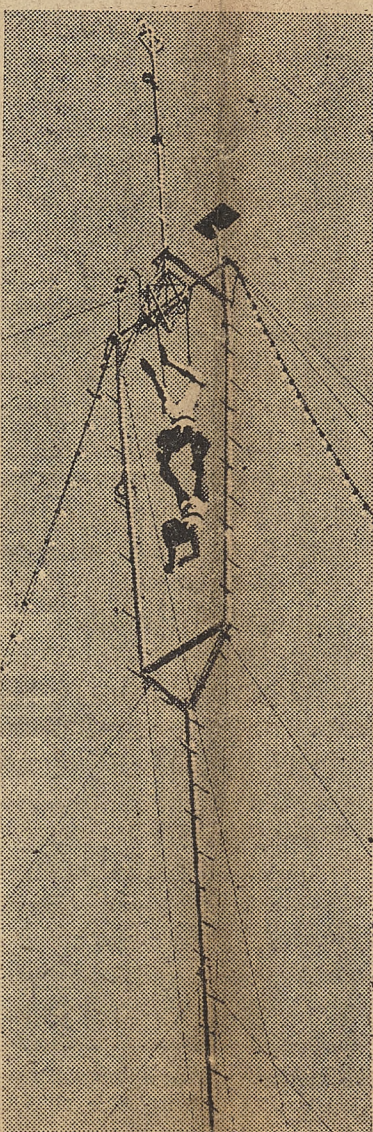

Mrs. Crawford is in charge and assisting her are Miss Jessis Vanderleider and Louis Parquette. A fine program is now in progress under their supervision.

In addition special events are planned. A "Knothole Club" will again be organized; if you are a baseball fan see Louis Parquette, he will tell you all about it.

Next Wednesday, July 5, Mrs. Moen of San Diego will be at Recreation Center to organize a girls' club rhythm band and plan for tap dancing. On Friday, July 7, Mrs. Mack of San Diego will give a delightful story hour from 11 to 12.

Of much interest is the adult summer craft class held each Tuesday from 9 a.m. to noon. Don't miss it for Mrs. Crawford has many new ideas to help you plan your Christmas now. All are invited to enjoy the

#### SEE THIS DARING HIGH WIRE STUNT

**SENSATIONAL**  
Kathleen an Gray, two sensational aerialists who will thrill crowds atop 125 ft. poles twice daily at the San Diego County Fair, July 1st, to 4th inclusive.

#### Gets More Time To Remove Spur Track

More time has been given the San Diego & Arizona Eastern Railway, by the State Railroad Commission, to abandon a spur track in Lakeside. The track was to have been removed June 27. The company asked an extension of time. It said the track has been only partly removed and will be completely taken up during July or August. So the commission fixed the time limit as December 27.

Lakeside lovers of horses will be interested to know that the Coronado National Horse Show will open July 18 and run to the 23rd. One class is limited to horses owned in San Diego county. Trophies and ribbons will be awarded. Entries close July 4.

opportunities made possible by the Recreation Commission, the Modern Woodmen of America and the Works Progress Administration.

#### JULY FOURTH PICNIC PLANS ARE TOLD

##### EXPECT LINDO PARK TO ATTRACT MANY ON INDEPENDENCE DAY

By Florence Beadle

Plans for the oldtime 4th of July picnic in Lindo Park are being worked out. Come early in the morning in old buggies, wagons or cars, if you have any but come anyway, bring your picnic lunch, enjoy the free entertainment and then attend the rodeo in the afternoon. The Ladies Aid will serve coffee and home made candies at a reasonable rate.

Tom Calloway will be master of ceremonies. There will be games and races for the children and free entertainment for everybody. Roy Cooper will sing his cowboy songs and play his guitar. Chief White Cloud has promised to give war dances in full Indian regalia.

Members of the various Town send clubs of San Diego and vicinity will gather at the picnic. Their musicians will furnish oldtime music. The Fortner and Dodge families of Lakeside will assist them. A. T. Dodge, age 82, recently won second prize in the oldtime fiddlers contest in Old Town.

Mr. Lorin W. Deewall of the San Diego County Planning commission who it was hoped would speak on Lindo Park improvement will not be able to attend. He will discuss the proposed plans at a meeting of the chamber of commerce after they are fully worked out.

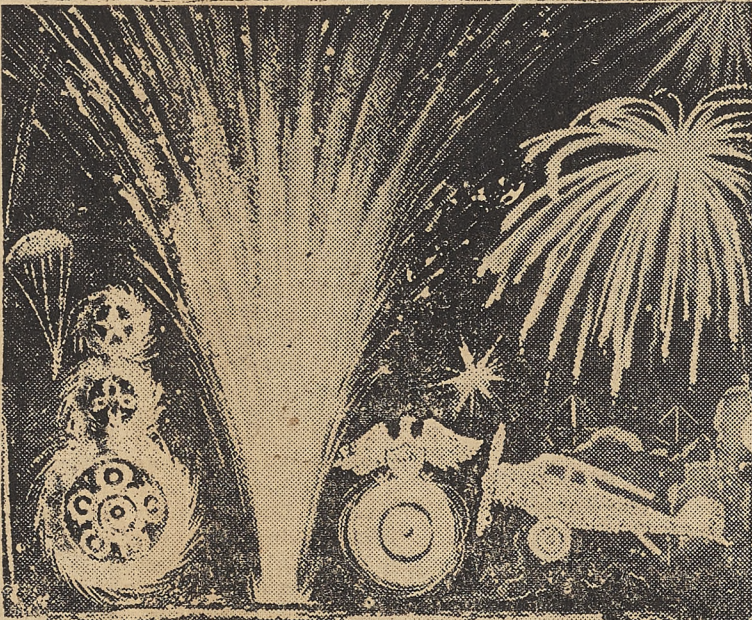

#### Antique Ford Coming To Lakeside Picnic

Fritz Lotte and his 1911 model T Ford are familiar sights in San Diego and surrounding towns and on the Fourth of July he will be seen heading for Lakeside in his old vehicle. He has promised to drive it in the rodeo parade.

Mr. Lotte is very proud of this heirloom. It has been in his family since it was new. He keeps all the brass fittings highly polished. Everything on the old car is original but the wheels and he is trying to find some like the first ones. He has been driving this car himself for twenty years and has toured the country in it, attracting attention everywhere. He has turned down several good cash offers. The last was from a market in San Diego which is said to have offered \$2200.00 for it.

A politician is a man who stands for what he thinks others will fall for.

#### Here's Preview Of S. D. Firemens Display

San Diego Firemen are all set to give the people of San Diego and vicinity a Fourth of July Circus and Fireworks Show twice as big as the Pageant presented by them last year. They are completing details for the huge fireworks display and 4-Ring Circus to be presented in the San Diego Stadium under their direction at 8 p.m., July 4, Independence Day. Tickets are on sale at the office of the Lakeside Farmer.

#### WILD MULE CHARIOT RACE WILL TOP 17 "SPILLING" EVENTS

##### GREAT PROGRAMS ARRANGED BY LAKESIDE RODEO ASSOCIATION FOR BOTH JULY TWO AND FOUR, PRESIDENT DALEY ANNOUNCES

Featuring a wild mule chariot race, Lakeside's 18th rodeo, announced for the afternoons of July 2nd and July 4th, promises to be the wildest of all, according to George Daley, president of the Lakeside Rodeo Association.

#### Ancient Vehicles Will Join In Rodeo Parade

By Florence Beadle

Homer Nickelson will be marshal for the ancient vehicle section of the Rodeo parade on July 4th.

All the old buggies, wagons and cars will form in line in Lindo Park and will proceed up Vine street to the railroad track and will connect up with the rodeo parade on Main St. After parading the ancient vehicles will circle back to the picnic grounds in the park.

Everybody with an old vehicle or old bicycle is invited to join the parade. Be there ready at 1 p.m. please.

A few who have declared their intention to be in the parade are: Attorney Allen G. Mitchell and Noel N. Sands in old buggy, Homer Nickelson in old buggy, Volois Melville hayride wagon, bathing beauties on hayride wagon, Winston Oaks in his merry Oldsmobile, Barney's hayride from Bostonia; Fritz Lotte of San Diego in 1911 model T Ford. The Townsend Club musicians will be on a hayride wagon, and two ancient buggies from Edgemoor Farms, Santee.

#### Coincidence Week For Two Grundys

Last week was coincidence week for the great family of Grundys, represented in Lakeside by Captain Josiah Grundy of Greenhill Farm. Jerry MacMullin of the San Diego Union called it "old home week" but the other appellation is better.

Came about this way: The big American Hawaiian steamer Coloradan arrived in San Diego harbor and naturally the old sea captain of Lakeside went aboard. And there he found that Captain George Grundy is her master. Coincidence No. 1.

Now for No. 2. Captain George was born in Philadelphia but his folks hailed from Lancashire, England, and that's where Captain Josiah was born and where he has a lot of relatives. The two captains Grundy figured out that they must be some kind of cousin but just what kind must be determined at a latter meeting.

Another coincidence: Captain G. Grundy's wife was a Miss McLean of Calgary, Alberta, Canada, and lived close to Captain J. Grundy's cattle ranch which he operated before coming to California. Captain George Grundy and his wife make their home in Seattle. Upon the Coloradan's arrival there he expects to get a month's vacation and during that time the northern Grundys will drive to Lakeside and will try to follow up the family tree with Captain Josiah.

#### Carender Goes To National Meeting

E. H. Carender, District Superintendent Lakeside Union Schools, leaves today, Friday, for San Francisco, where he will attend the annual meeting of the National Education Association. The general meeting will be in session one week, following which the principals of the nation will have a special fifteen-day conference. Mr. Carender expects to remain the full time.

With the full cooperation of the Lakeside chamber of commerce the community is preparing to entertain huge crowds each day. The program includes free dancing each evening from July 1st to 4th, free picnicking at beautiful Lindo Lake park and free parking for all attending the rodeo.

According to Daley the rodeo program consists of 17 "spilling" events from bronc riding to wild horse races.

##### COUNTY RIDERS ENTER REPORTS DALEY

"The contests will be between real cowboys and cowgirls, many of whom live right here in San Diego County," said Daley, "and they'll all be out there piling up points under an official RAA scoring system to determine 1939 championships."

We have secured a sprinkler and promise to "lay the dust" before each show and otherwise look to the comfort of holiday guests," says Daley.

Manager Tom LaMadrid reports that a number of wild cattle have been rounded up at the Daley, Sawday and other ranches so a lively bunch will be on hand to test the skill of the riders and provide excitement for the fans.

#### Timely Tribute To Rodeo President

This being rodeo time it is interesting to call attention to the tribute paid last year to George Daley, president of Lakeside Rodeo association. At that time Manager Tom LaMadrid contributed to the official program an article which rightly praised Mr. Daley for his assistance and unfailing interest and encouragement.

Historic Rancho Jamul is owned by the Daleys. Bulls used in rodeos have come from this rancho which is 25 miles southwest of San Diego. The property comprises one of the finest ranches in the county.

##### ROLL CALL DIRECTOR FOR THE RED CROSS

R King Kauffman, chairman of San Diego Chapter, Red Cross, announces appointment of D. F. Dunster as director of the annual roll call in this county, to be held from Armistice Day to Thanksgiving Day.

##### SCHOOL TREES GET HAIRCUT

Tree-trimming is in progress on the Lakeside school grounds this week. The stately old eucalyptus trees are really getting a hair-cut. The row of trees extends for about six hundred feet along the entire east side of the campus, shading the tennis court and the playground apparatus. Due to their great height and numerous large branches it has been thought that there was some danger in allowing them to continue without topping; so the board of trustees decided some time ago to have the work done this summer.

At first, the job was undertaken by the regular crew of caretakers; but it was soon discovered that professional aid would be required. Last week two skilled tree surgeons were secured from San Marcos and the big job is under way. In addition to topping and trimming the trees, all decayed parts are to be treated, the little oak park at the northwest corner is being trimmed and given a tonic, and the NYA boys are giving special attention to the flowers and shrubbery.

### CELEBRATE JULY FOURTH

Squeak the fife and beat the drum,  
Independence day is come.  
Let the roasting pig be bled,  
Quick twist off the cockerel's head,  
Quickly rub the pewter platter,  
Heap the nutcakes, fried in butter.  
Set the cups and beaker glass,  
The pumpkin and the apple sauce.

Who do you suppose wrote that? No less a person than a Chief Justice of the State of Vermont. His name was Royall Tyler and besides adorning the bench he was known as a wit and a poet.

Chief Justice Tyler penned the above verse, and more, in 1796, twenty years after the Declaration of Independence. He called upon everybody "to dance and play on glorious Independence Day."

And here in Lakeside we're going to do it joyously on the great holiday next week.

### A WINNING WESTERN WAY

In celebrations as in all else in these United States great changes have been made since the days when "squeaking" the fife, beating the drum and dancing formed major items on Independence Day programs. Now we have rodeos, pageants, carnivals and monster picnics in places which were but in the womb of time when Jefferson wrote that defiant Declaration which told King George the Third "where to get off at." Historians have hit that George some very hearty blows but he had some good points. He was a stolid German, set in his ways and sometimes stupid, but while his reign is notable for the loss of America it also has its memorable pages such as Trafalgar and Waterloo.

But whoa! we're going off at a tangent; what has George got to do with Lakeside's way of celebrating the anniversary of the day when the Continental Congress handed him his three-cornered hat? It's a winning western way and everybody here is expected to help make the celebration a great success. The picnic in Lindo Park, under the glorious summer sun and beside that charming lake of cool mountain water, should attract family parties from all over San Diego County. Just one thing - let us pray that the speakers won't be too long winded; we like 'em short and to the point.

As for the rodeo, wouldn't it be great if only those grand old men "the founding fathers," could come down from their mansions in the sky and see the entertainment which Manager Tom LaMadrid and his fellow workers of the Rodeo Association have provided for our Independence Day delectation? But those grave and reverend seignors never heard the word rodeo. Moreover they never saw that amazing and competent character, the western cowboy. The riders of the ranges and the ranches belong to another era than that of Washington, Adams and Jefferson.

Just one point about the coming Fourth of July picnic before we conclude, as the clergymen say. School Superintendent Carender made a good suggestion when he said let's have some real oldtime American music. And on the musical program don't forget to put: Yankee doodle, keep it up,  
Yankee doodle dandy,  
Mind the music and the step  
And with the girls be handy.

To be prepared for war is one of the most effectual means of preserving peace. - George Washington.

A man who doesn't love oysters and asparagus and good wines has no soul, nor a stomach either. - H. H. Munro.

When you can't see your way ahead, look up. - The War Cry.

If we are ever in doubt what to do, it is a good rule to ask ourselves what we shall wish on the morrow that we had done. - Sir John Lubbock.

What's a mandate? Well a Georgia high school girl described it, in an examination paper, as an appointment with a gentleman.

Long Beach lassie skipped into Sunday school. The teacher welcomed her by saying "we're the first ones here." The lass looked at her with a joyous smile. "Oh no, she said with a little chuckle, correcting: "God is here first." (Sunny sentence recorded by the Christian Science Monitor.)

## THE BANKER

Would be humorists are making jokes about "bankers hours" now that the Governor of California has signed a bill which permits banks to close all day Saturday, if they want to. Don't overlook those last four words.

Have the jokesmiths referred to ever stopped to consider what really are "bankers hours? The sign says 10 a.m. to 3 p.m. But that's only the period during which the bank is open for public business. Bankers and their staff must put in long, weary hours of technical labor long after the doors are locked in the afternoon and they also have much to do before the doors open in the morning.

It's a fine thing for small towns like Lakeside to have at their disposal the facilities of such a well managed institution as that which so well serves this district. The bank is conducted on sound business principles.

Bankers have always to remember that the cash in their vaults belongs to the depositors. Therefore they have to be conservative in its use. Some people look upon that word "conservative" as applying to an unprogressive stick-in-the-mud. But when it is attached to a banker it means that he is a safe man with whom to do business and with whom to make deposits.

Every now and then an old friend of ours who calls himself Jo Serra sends us what he describes as "the low down from Hickory Grove." That's somewhere near Portland, Oregon, where a pal of his publishes the Industria News Review. Jo's been reading about the convention which the Pacific Coast bankers held recently and he has come to the conclusion that the bankers - "they've got troubles too, like the rest of us."

Jo says that "people have been pointing at the Old Boys and blaming them for so much. But they let everybody call 'em names and never chirp. They kinda figure that if they can keep the money deposited with them safe for a person, so it will be there and he can get it when he wants it, that they are doing O.K."

And isn't Jo right? Remember that when you hear somebody joke about "bankers hours."

## KNOWN BY THEIR WORKS

That mystical man who wrote the enigmatical book which is called The Revelation declared that when he was before the great white throne he saw the book of life opened and the dead were judged out of it "according to their works." Just what he meant by works is open to argument but at any rate, if we are allowed to judge the WPA by its works we gladly give them an A.

The W in WPA stands for works, and great have been the accomplishments in public improvements since the program was launched six years ago. The administrator at Washington points out that the WPA program has added and improved schools, libraries, court-houses, recreation centers, airports and hospitals in many localities. Lakeside and other San Diego County districts have benefited.

No matter what a person's political affiliation may be he must admit that the WPA has been of vast benefit to the country in some of the most difficult years it has had to face since Independence was voted on July 2, 1776, by the Continental Congress. The day we celebrate, July the Fourth, is the anniversary of the signing of the Declaration of Independence but that independence was really declared on July 2.

It will be a grand day when the millions of workers now on the WPA rolls can declare their independence.

## THE GOLDEN JOURNEY

What a funny fellow is man; he always wishes to be somewhere else than where he is. Could anybody want a pleasanter place than Lakeside in which to enjoy life? But there's the untraveled world beyond its hills which seems always to be beckoning. But when you haven't got the wherewithal to travel, meaning the simoleons or the 59-cent dollars, you have to stay at home. Which perhaps is the best thing after all.

Still you can take a trip on the magic carpet, or the wings of the morning and visit the uttermost parts of the earth - in imagination. That's the cheapest and easiest way to make The Golden Journey to Samarkand.

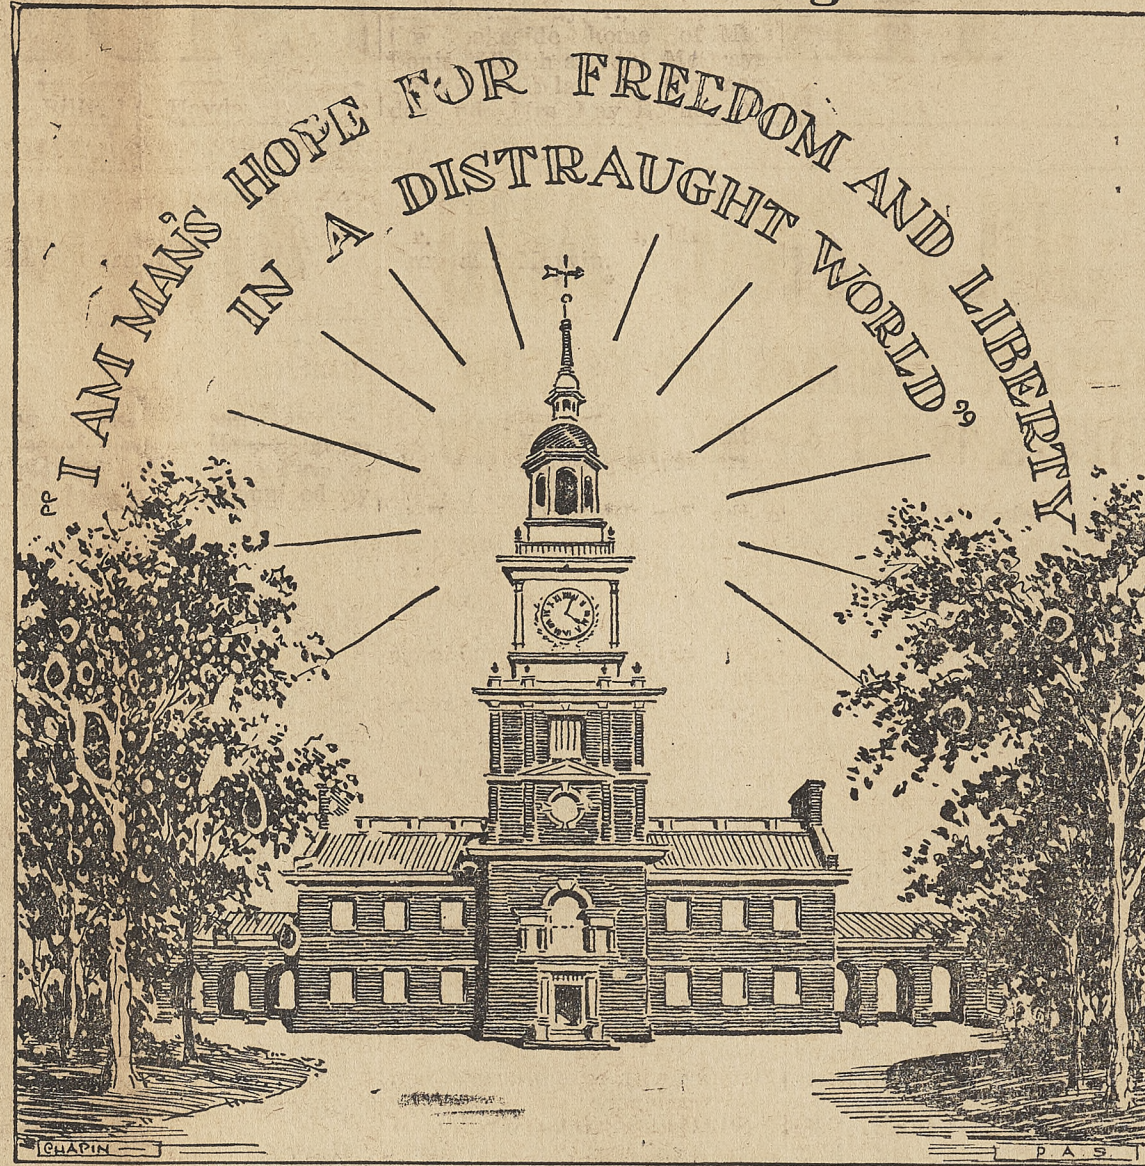

We love to hear that name and speculate about that wondrous city ever since we read James Elroy Flecker's poem about it, written during the world war. Pilgrims and merchants made the Golden Journey from Bokhara to Samarkand and Flecker writes about them in a way that gets under your skin. Those Pilgrims are men after our heart; they always want to go "a little further: it may be beyond that last blue mountain crowned with snow."

The Merchants, too - they have forgotten all about making money and they travel because their fiery hearts are fanned by hot winds and they "want to know what should not be known." So it is with us all. But of course on this earth we shall never discover the undiscoverable. We must wait until the old man with the scythe removes us. Then, as Flecker says, we may "walk with the stars in their courses and hear very soon, very soon, the voice of the Forge of the Forces, and ride on the ridge of the moon."

Opportunity is perching everywhere—if you take off your coat and go to work and stop listening to the modern messiahs. So President Robert Sproul of U. C. is reported to have told a graduating class at Berkeley.

Diplomacy is the art of letting some one else have your way—The War Cry.

## The Bell Still Rings

Washington, June 27 (Auto-caster) - Although the interiors of the Capitol and the White House are air-conditioned, as are also the sumptuous offices of Senators and Representatives, the temperature of out-door Washington has been running well above 90 degrees by the official Weather Bureau thermometer, and over 100 at street level, for several weeks. And there, fellow-citizens, you have one of the real reasons, if not the most forceful, for the sudden spurt of law-making activity on Capitol Hill.

The boys want to go home, and the President wants them to go home. However, they have been loafing on the job so long that it doesn't seem likely that they can get through before the middle of July with the things that have to be done, and there's a good chance that it will be some time in August before they get away.

There is ground to expect a long-drawn-out battle in the Senate on a vitally important piece of legislation, the revision of the neutrality laws.

The House of Representatives is practically sold on the proposals, drafted by Secretary Hull. In the Senate, however, there is a block of at least twenty Senators who have united to fight the Hull proposals to the bitter end, and it may turn out to be the battle of the session, dragging the proceedings along toward September.

On Capitol Hill much less attention is given to possible entanglement in a European war than to the situation in China. The fear of doing something which might help Japan is a powerful motive for the opposition to any program which would permit that nation to buy war supplies to be used against the Chinese.

The Hull plan, its opponents declare, would do just that, since Japan has its own ships in which to transport munitions and has an effective blockade of Chinese ports, so that even if war supplies were bought by China and the Chinese engaged ships of other nations to transport them, they could not be delivered.

That argument is stoutly challenged by most international experts, and by those who believe that any discrimination between nations at war would tend to drag the United States into the conflict.

Official Washington is looking forward with great interest to the return of Joseph C. Grew, for many years the United States Ambassador to Japan and before that in our diplomatic service in China. Mr. Grew knows more about the inside of the Japan-China situation than any other American, is regarded as a sound,

Margaret Tipton Wheatly

## GARDEN MAINTENANCE

For quite a little while yet our chief concern will be supplying enough water to the thirsty earth for our flowers to keep thrifty on.

Now is a good time to observe how plants in different situations react to the heat and consequent drying out and to keep a record of where we decide to move such shrubs that do not grow through the summer in their present location.

Recommended planting locations or exposures do not always work out here, and it often happens that a plant which is supposed to do well in full sun will do much better in our drier climate if it gets only partial shade, or sun in the morning.

The beautiful Nandina Domestica, one of our really superior berry producing shrubs, does much better planted where the afternoon sun does not bake it out. More than one Nandina should be in the garden to obtain the beautiful bunches of bright red berries.

well-balanced and forceful person, and his advice as to matters in the Far East will be very helpful.

As to the chance of the United States becoming involved in hostilities with Japan, recent incidents in China are taken here as indicating that Japan will go the limit in its effort to retain friendly relations with this country.

## New Pump-Priming System

With the W.P.A. revised in various ways to make its operations more efficient and less political, the President is preparing to send to Congress a recommendation for a new pump-priming system of stimulating recovery, which would not increase the national debt.

The plan would be to set up a number of new Government "authorities" or lending agencies, authorized to raise money by the sale of their own bonds, with which to finance self-liquidating projects of public works.

As an example, one of the plans calls for a "toll authority," to build bridges and roads on which tolls would be collected to recover the cost.

Out of all the talk of setting up a Government system of long-term loans to "small" business nothing tangible has arrived.

## BUS FOR HIGH SCHOOL

The board of trustees of Grossmont High school, at their meeting July 3 in the schoolhouse, will open bids for a school bus, capacity 61 pupils, Clerk E. E. Rogers announces.

Mixing sunshine in the voice lifts the shadows from the heart. - The War Cry.

## The Country Garden

This plant is known as the sacred bamboo of Japan. It is not a bamboo at all, but does have the characteristic jointed stems. Its leaves do not drop, but turn a bronzy-red and remain that color throughout the winter, and then become green with the return of warm weather next spring. It is a wholly delightful shrub for planting by a garden pool not exposed to much to the sun.

This matter of a proper growing place for plants is one of personal gardening experience. One gardener will be successful growing a plant in full sun while another will meet with complete failure. Our watering habits are largely the answer, although soil fertility, color and slope of soil will enter in to the success with plants. But to discard a thing from one's grounds until it has had thorough trial is not giving the plant a fair show, and removes from our garden a delightful specimen.

## MAKING CUTTINGS

There is one bit of work we can do now which carries us on high enthusiasms for another gardening season, and that is making cuttings to increase our stock from a favorite plant.

Many plants will root readily, now which would not strike without artificial heat later in the year. Peat moss mixed in the soil assures a superior rooting medium. One third good top soil, one third sand, and one third peat moss is an ideal soil both for rooting and planting seeds in, which we will be doing next month if we are to have many of the biennials in bloom for the flower show next spring. This looking forward to another garden year is part of the joy of gardening. Here where even during the winter there is activity of one kind or another to keep up interest, we should be truly thankful for the opportunity to make a garden here.

Now is the proper time to make cuttings from pinks, carnations, and Nepeta Mussini. Using wood from the base of the plant.

## NEPETA MUSSINI

This plant deserves a much wider planting than it receives. It is truly one of the superior garden plants. It is of a lovely soft green, bearing almost continuously a mass of small sage-like lavender flowers. It never "takes the place" as does the common catnip or catmint. It is an admirable plant for permanent edging of flower beds and should be added to the list of those special plants given three weeks ago for that purpose.

In the iris garden it is perfectly at home edging the paths and growing along by some large stone. It withstands drying out, but responds as so many drought-resistant plants do to a liberal soaking during the summer along with the balance of the garden.

## MODERN WOMEN

by  
**EARLENE WHITE**  
President of The National Federation of Business and Professional Women's Clubs, Inc.

Remember Eleanor Robson? If you are an oldtimer of course you never missed a chance to see her on the stage. Then she became Mrs. August Belmont and devoted herself to civic activities in New York where her husband made his millions. Now she has been awarded the gold medal of the Hundred Years Society.

Not many women become ship captains. Anna Shchetina, 29 years old, is the first to achieve that rank in Russia. She began as a "cabin boy" when sixteen.

Two women, concerned in the production of light opera at the University of New Mexico, are Mrs. Grace Thompson, head of the music department, as director; and Helen Bragg, librettist. Mrs. Thompson conducts the Albuquerque Symphony.

Alma Mardis, sixteen-year-old Mississippi girl, says she can pick 150 pounds of cotton a day.

### STRAWBERRY ICE CREAM PUFFS

Tender, golden—and so easy to make this way

1/2 cup Spry  
1/2 cup boiling water  
1/2 cup sifted flour  
1/2 teaspoon salt  
2 eggs, unbeaten  
1 pint vanilla ice cream  
1 pint fresh strawberries, thinly sliced  
1 cup sifted confectioners' sugar

Bring Spry and water to boiling point in saucepan. Sift flour with salt. Add to water all at once and beat vigorously until mixture is thick and comes away easily from sides of pan. Remove from fire. Add eggs, one at a time, beating thoroughly after each addition until mixture is smooth and blended.

Drop mixture by tablespoonfuls about 2 inches apart on baking sheet greased with Spry.

(The mixture should hold its shape and not spread.) Bake in very hot oven (450° F.) for 10 minutes, then reduce heat slightly to 400° F. for 25 minutes. Cool. Notice how golden brown and tender Spry makes these cream puffs—less expensive, too. Sift each puff and fill with vanilla ice cream. Four strawberry sauce made with sliced strawberries and confectioners' sugar over top of each puff. Serves 2.

### JACKET ENSEMBLE

Here's the type of smart jacket ensemble that you need more than any other one thing for spring and summer wear. Make yours according to this easy design (8496) and revel in its charm and becomingness. The wide-shouldered bolero has flattering revers, trimmed

like the skirt, with buttons - a new and attractive note. Make this of silk print, flat crepe, or sheers, and wear your favorite brooch, a chate-laine, or a gay bunch of flowers at the plain v-neckline. A hot weather version will be pretty in linen or batiste.

**PATTERN 8429** - Slightly dressy is the square-necked frock 8429 with button-trimmed shoulder tabs. Stitched pleats flare free at the foot, in a fashion most becoming. Dotted Swiss, batiste and dimity are pretty materials for this dress. Pattern No. 8429 is designed for sizes 2, 3, 4 and 5 years. Size 3 requires 3 yards of 35-inch material for dress with panties.

(Enclose this coupon-box with your pattern order.)

Paper .....  
Town .....  
State .....

send 15 cents in coin (for each pattern desired) together with your NAME, ADDRESS, PATTERN NUMBER and SIZE.

**CHRISTIAN SCIENCE CHURCHES**  
These words of Paul to Timothy, "Unto the King eternal, immortal, invisible, the only wise God, be honour and glory for ever and ever," constitute the Golden Text in the Lesson-Sermon on "God" on Sunday in all Churches of Christ, Scientist.  
The Lesson-Sermon includes also these verses about Jesus from Luke: "And he was teaching in one of the synagogues on the sabbath. And, behold, there was a woman which had a spirit of infirmity eighteen years, and was bowed together, and could in no wise lift up herself. And when Jesus saw her, he called her to him, and said unto her, Woman, thou art loosed from thine infirmity. And he laid his hands on her; and immediately she was made straight, and glorified God."  
Among the selections from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, are the statements: "Understanding spiritual law and knowing that there is no material law, Jesus said: 'These signs shall follow them that believe, they shall take up serpents, and if they drink any deadly thing, it shall not hurt them. They shall lay hands on the sick, and they shall recover.' It were well had Christendom believed and obeyed this sacred saying."

### ARTHUR GRAHAM GETS L. A. POSITION

Arthur Graham, who for some time was a useful member of the Lakeside Farmer staff, left for Los Angeles last week. He has secured a position with the Southern Counties Gas Company. Arthur is a competent printer and a genial man and the Farmer staff is sorry to lose him.

## More Farmers Sign For Conservation

Lakeside farmers will be interested to know that more farmers in San Diego county signed up under the 1939 AAA conservation program than in 1938. Chairman W. E. Bradbury of the county conservation committee, reports to this effect. He says intentions were filed in this county by 4548 farmers and 82 ranchers this year as compared with 3216 farmers and 63 ranchers in the 1938 conservation program.

### SCHOOL DISTRICT BOUNDARY CHANGE

A long needed and much desired change of school district boundary lines between Lakeside and Cajon Valley Union will probably be effected in July, if there are no legal complications. A similar change attempted last February failed because of technicalities. The changes desired, and upon which the boards of trustees of both districts are agreed, affect four tracts of land -- the Peerless Orange tract on highway 80, near Bostonia, which is to be transferred to El Cajon; that part of Lakeview District which lies north of Highway 80 and between Glenview and Johnstown, to be transferred to Lakeside; a strip from El Monte in upper Blossom Valley to go to El Cajon; and all of the north end of El Capitan District, which has been shut off by the lake from access by bus to El Cajon. In all of these changes the question of accessibility to transportation lines is the principal reason for the change; in Lakeview, there is the added factor of nearness to the Lakeside School. In order to legalize the changes, petition will be circulated immediately after June 30th.

## BOOK REVIEWS

### BOOKS ON MODERN CHINA LISTED BY CLUB LEADER

With interest on China enlarged because of the current dispute between Japan and Great Britain over Tientsin and other famous treaty ports in the Celestial Land, the following list of books on Modern China should prove useful. It was prepared by Josephine D. Curtis, Chairman of Literature, Lakeside Woman's Club, and now president:

**NON-FICTION.**  
Last Empress, by Daniele Vane.  
Red Star over China, by Edgar Snow.  
Forbidden Journey, by Ella K. Maillart.

## Women's Activities: Social and Personal

### Teachers Enter In Arts, Crafts Class

Four teachers of the Lakeside School left Monday for Long Beach, where they entered the Swope School of Arts and Crafts, to prepare themselves for better work in their respective grades. They are Mrs. Maude E. Conant, 6th grade teacher; Mrs. Ruby A. Nelson, 4th grade; Miss Esther Rhodes, 3rd grade; and Mrs. Julia Trigg Stewart, kindergarten. Mrs. Lula M. Parquette, 2nd grade, is taking special primary work in San Diego State College, and Mrs. Alice E. BeVan is doing correspondence work at home in household arts. Miss Violet Seeman, 6th grade, had intended to join the Long Beach group, but suffered a violent attack of influenza last week, and was compelled to deny herself that pleasure. She hopes to be able to enter for a late summer course.

### Miss Elsie Fortner Part-time Secretary

Miss Elsie Fortner has recently been added to the list of employees at the Lakeside Union School, as part-time secretary under the National Youth Administration. Her work thru the summer will consist principally of typing and mimeographing blanks and supplies for the coming school semester. Miss Fortner has had quite a good deal of experience in her work, having served in the same capacity with the local school last summer and in a similar way at Grossmont High School. She is a resident of this community, living with her parents near Lakeside.

### Santee School Offers Recreation Classes

Classes at the Santee Recreation center started Tuesday with great success. They are to be carried on each day of the school week from 1 to 5:30 p.m. under the direction of Miss Emma Nievergelt. The program is to include story hour, craft work, sewing, quiet games, tap dancing, and social dancing instruction. Each afternoon outdoor games will be held from 4:30 to 5:30. Two days of the week the boys will be coached indoors by Mr. Otis Kettering and at the same time indoor volleyball for older girls and women will be coached by Mrs. Otis Kettering.

Adult craft classes conducted by Mrs. Mary Crawford will be held Tuesday afternoons from 1 to 4 p.m. The period for social dancing is scheduled for Friday evenings from 7 to 8 p.m. Mrs. Hazel Goldberry will play. Following the instruction a junior dance will be held from 8 to 9 p.m.

Next Monday July 3, samples of craft work will be on display. Anyone wishing to attend the classes and needing transportation or those who can provide transportation for others may call Mrs. Hugh Good, El Cajon 271-3.

Another community dance is to be held the evening of July 11 at the Santee school house. The same good orchestra which has been such a success at the other dances will play. Dances have been planned for every few weeks throughout the summer.

### Brief Visit By Former Resident

Rev. Francis M. DeWeese, of 40th and Adams Street, San Diego, was shaking hands with friends in Lakeside last week. It is always a pleasure to chronicle a visit from this popular former resident. Successful business man though he is, yet he always takes time out to meet his friends and to put in a few words for movements for social welfare.

Never hit a man when he is down - he might get up.

### M. W. A. INITIATE NEW MEMBERS

Initiation of eight new members by the Modern Woodmen of America was held Tuesday evening at their lodge hall. After the ceremony an informal business meeting was called. Refreshments were served with Dewey Buckel heading the committee. The new initiates are Russell and William Wilkinson, Richard and Donald Clevenger, Robert Buckel, Ronald Smith, John Boles and Beryl Cooper.

Eastern Stars of El Cajon will entertain the Masons at a pot luck picnic to be held at Lindo Park July 18.

Mrs. Phillips Martin, Santee entertained at luncheon Monday at her home. Guests included Mesdames W. L. Peterson, A. Carmi Brown and Eleanor Edmiston. Bridge was enjoyed in the afternoon.

Fishing was fine off the coast of San Diego last week, when George Philbrook, Homer Nickelson, George Payne, Volois Melville, Herman and Jim Schiller went out to try their luck. Everyone came home with fish. The biggest was caught by Homer Nickelson and was a 20 pound Yellowtail.

Mrs. W. O. Sanford who has quite ill for the past two weeks and hopes to soon be in normal health expresses herself as more than grateful for the skillful attention of Dr. Morton Carlile, of Lakeside, and her nurse Mrs. A. E. Scott of Loma Portal. The kindness of various friends has brought her deepest appreciation.

Mr. and Mrs. Tom Pepler, who have just returned from their honeymoon, spent last week end with the former parents, the Fred Peplers. Naomi Pepler, a sister, left Sunday with the bride and groom to spend a week at their home at Long Beach.

Mrs. Cyril Ribisi and daughter Lorene of San Jose, will be visiting in Lakeside for about a month. Mrs. Ribisi is the sister of Mrs. L. E. Kephart, Mrs. E. R. Reeder and Mrs. W. Schuster of San Diego.

Mrs. H. H. Logan, who has been visiting her niece and nephew, the Thomas Helms, for the past three weeks is returning to Inglewood on Sunday.

### PAYMENTS INDICATE MORE EMPLOYMENT

Benefit payments under the California Unemployment Reserves act dropped nearly \$200,000 during May as compared with April, reports Manager Ray Mathewson of the San Diego Department of Employment office. He says this indicates increased employment throughout California. In the San Diego area claimants received 6,732 checks amounting to \$66,463.47 last month, compared to 7,251 checks totaling 70,612.35 in April.

To date the San Diego area has had \$841,972.78 returned to business channels through the distribution of 91,212 checks.

## Mainly About People

By Lorena Sands

Lakeside, Calif.  
June 30, 1939

Dear Eleanor;

Again, my weekly letter to you even after having spent the week end at your Featherstone Ranch, we did have a grand time, didn't we? But other people have a grand time too and I'm sure you want to know about them. Betty Lou Wetzel who has been visiting in San Diego for the past week has returned home with her mother who was in San Diego on Tuesday. And Mrs. Josephine Goodpaster was also in San Diego last week visiting friends. The Cecil Carenders and Fred Prindle jr., were fishing at Lake Henshaw Monday and tell Lew that some people can catch fish there because they brought home quite a nice string of them and were they good! We should know, we had a very generous sample.

Mrs. Marvin McCray and Marvin jr., were entertaining many friends this past week at HaHana. Commander and Mrs. Ray Byrns and daughter Constance of Orange spent a few days there, and Miss Marilyn Irish of Los Angeles, was a house guest for the week end. On Wednesday Mr. Alfred Carothers who was at one time connected with the HaHana school and is now residing at Miramar, the Robert Scripps estate, spent the day with the McCrays on Wednesday. Mrs. McCray and Marvin jr., returned to San Francisco yesterday.

Burrell Reeder was accepted at the Naval Training Station in San Diego on June 8 and reports are that he is doing very well.

The W. C. Koppels entertained Mrs. Carl Jones and daughter Norma from Oceanside and Mrs. Edwards from Colorado last week.

It's the berries all right when we receive two nice boxes of Youngberries. Mrs. Fred Pepler brought them in. She was telling me that she had just made a shipment of berry jam to Denver, her home town.

Mrs. Hans Cartensen of San Diego and Miss Agnes Busch, Moynoketa, Iowa, were in Lakeside last week looking for antiques.

I mustn't neglect telling you that I brought home some Poison Oak from your ranch via my arms. It's not very bad YET. Mr. and Mrs. Marvin Vice who have a ranch up near you entertained thirty guests at a pot luck picnic Sunday. Local guests were Mr. and Mrs. Thomas Helm and Mrs. Logan.

Beverly Hartley is having a vacation in Los Angeles. She left Sunday with her sister Mrs. Norma Hansen, and will stay with her for a week. And Mrs. B. L. Wade of Escondido visited her mother the first of the week.

Mr. and Mrs. Fred Walker of Lawson Valley were guests at the L. Wetzel home last week. Celebrating Fathers Day called for a family reunion in Los Angeles. The honored guests were Mr. W. C. Koppel who was accompanied by Mrs. Koppel

### DINNER PARTY AT HA HANA

Guests were entertained at dinner Saturday evening by Marvin McCray jr., at HaHana the Lakeside home of Miss Louise Ulrich and the McCrays. Covers were laid for Commander and Mrs. Ray Byrns and daughter Constance, Miss Marilyn Irish, Mr. Cal Holman, Los Angeles, Miss Barbara Lee Andrews, El Cajon, Miss Ulrich, Mr. Bernard Ulrich, Mrs. McCray and Marvin.

Attending the Young Peoples Camp Conference at Carlsbad, Calif. is Miss Gloria Major. She left on Monday and is expected to return July 4. Word received by her parents states that she is having a wonderful time.

A picnic dinner was enjoyed Sunday at Boulder Creek by Mr. and Mrs. Tom Rodney and family, Mr. Harry Hamilton and son, Mr. and Mrs. W. M. Riggle, and Mr. and Mrs. Gus Huffman and family.

Mr. and Mrs. Roy Plummer, San Francisco, have spent two weeks with Mrs. May Plummer of Glen View.

Mr. and Mrs. F. L. Lake and daughter, LaRayne, are leaving Saturday for Idlewild where they will spend the Fourth of July holidays. Mrs. Lake and LaRayne are planning to stay on for the following week.
